Search Speciality Polymer Products

Product No.	Description	NVC %	Viscosity mPaS	pH	Av mg KOH g-1	Colour	Solvent
POLIDENE - Industrial coatings							
POLIDENE 33-065	Copolymer of vinylidene chloride and an acrylic ester exhibiting excellent barrier properties.	60	50	2.5	N/A	N/A	N/A
POLIDENE 33-075	Aqueous emulsion of a vinylidene chloride copolymer. For fire retardant paints.	55	100	4	N/A	N/A	N/A
POLIDENE 33-080	Aqueous emulsion of a vinylidene chloride copolymer, for flexible fire retardant coatings.	55	125	6			

Product No.	Description	SURFACTANT	NVC %	Viscosity mPaS	pH
POLIDENE - Textiles & Furnishings					
POLIDENE 33-004	Aqueous emulsion containing a high VdC content, giving a soft flexible film.	nonionic/anionic	50	15	4
POLIDENE 33-031	Aqueous emulsion of a VDC copolymer plasticised to give a very soft film.	anionic	50	500	7.5
POLIDENE 33-038	Self crosslinking, medium/hard low flammable binder for back coating & non-wovens.	Anionic	45	50	3.5
POLIDENE 33-048	Self crosslinking, soft low flammable binder for pigment printing & back coating.	Anionic	55	100	4.5
